

I'd like to apologize for not having a newsletter last month. The shutdown really threw us a curveball and had to make several adjustments without daily operations. I can say some good will come out of this. We have regrown some roots in our Elgin area thanks to the city of Elgin and the Downtown Neighborhood Association promoting our pandemic adjusted fish fry.

We have also gotten several projects done with the biggest being removing the carpet downstairs and installing ceramic tile in its place. Our newer member Doug Bruneman not only donated the tile but installed it as a volunteer. When things start to return to normal please extend a warm thank you to Doug for his Turnerism through these uncertain times. I would also like to thank those of you that have made monetary donations to offset our decrease in daily income. Thank you to all that have helped!!

While our fish fry has gone to a curbside take out, it has grown. We implemented online and phone ordering to our volunteer team, who cooks, packages it and carries it out. So far so good. Seeing as it is going to continue through May we invite you to try it out. If you are unable, please consider sharing it via facebook or simply telling someone that might enjoy a good fish fryday dinner.

I also want to remind all of us that we are a club. Not just a bar, not just a restaurant, we are a family of members built around our sound mind in a sound body motto. What does this mean? What I gather it is something like this. Doing as much good as you can while doing less bad then you did the day before. We all try to learn from our mistakes and encourage others accordingly. Staying as active as we can to slow down the tolls that age and bad habits inflict. Competing when we are younger, dieting and taking a walk as we grow older.

I'd like to close with saying Love instead of Hate, Help instead of Hurt, and try to Understand instead of Judge. Remember that some things are better left unsaid and blaming people for life challenges hardly ever has a good outcome. Problems are easy to find and point out, solutions are what we all need. We are all in this together and we don't need to encourage others to take sides and encourage division. I'd like to thank YOU ALL and Turners in general for giving me the finest set of friends a man could ever ask for. Stay Safe and Be Well.

With Turner Greetings,

Dave Williams
